

Hospice Women's Auxiliary Luncheon

Hospice of the Golden Isles conducted its inaugural Women's Auxiliary Luncheon in The Bereavement Center at its Brunswick campus on Wednesday, April 23, 2008 at 12:00 pm. More than 50 women interested in joining the new auxiliary attended the event in addition to Hospice management and key employees.

The formation of the Hospice Women's Auxiliary is led by Hospice Executive Board President, Margie Dorsey who successfully headed another women's auxiliary of over 250 members for the White Plains Hospital in New York State. "Our Executive Board is enthusiastic about the creation of this new Hospice organization," said Mrs. Dorsey. "The Women's Auxiliary will greatly enhance the fund raising capabilities and volunteer efforts for our Hospice. We will focus on a variety of special initiatives - from major fund raising efforts, to purchasing much needed equipment for our Hospice, to many patient support projects. We will also sponsor special events which will benefit the awareness of Hospice and encourage community support of this very worthwhile non-profit enterprise."

"We are delighted to have Margie Dorsey spear-head this new auxiliary for our Hospice," said Karen Brubaker, Executive Director of Hospice of the Golden Isles. "Mrs. Dorsey brings a great deal of experience to the formation of this new Women's Auxiliary. Our goal is to build a membership roster to over 200 members in the near future. We got off to a great start today with this wonderful turnout for our very first meeting."

The catered luncheon was held in the Bereavement Center at Hospice of the Golden Isles. The delectable luncheon menu highlighted by a stuffed chicken breast entrée was prepared by Purple Sage Catering. The beautiful centerpieces gracing all of the tables in shades of lavender and yellow flowers were the creation of Dawn Boaen.

Hospice of the Golden Isles is a non-profit organization serving the five county region of Glynn, McIntosh, Camden, Brantley and Charlton counties since 1981. It is a community based Hospice that is locally thought of as "Our Hometown Hospice."

The formation of this new Women's Auxiliary illustrates how involved this community truly is with regard to this vital Hospice organization serving the terminally ill and their families of the Golden Isles and surrounding communities.

A United Methodist Ministry for Older Adults of all Faiths

Reveal a more radiant you.

By the time you are 35, your skin may make you feel and look much older, which hides your natural glow.

Our therapeutic facials and mild, medium and deeper chemical peels can remove damaged layers of skin to restore a more youthful and healthy appearance.

It all begins with a personalized skin analysis by our trained Aesthetic Nurse Specialist, Deborah Rodi, RN. She will help determine the skin care program that fits you best. To learn more, call 912.634.1993.
