

I PUT MY LIFE IN HIS  
HANDS AND TOTALLY  
TRUSTED HIM

Julie Grimm  
Patient

Vincent Arlauskas, MD, General Surgeon, saw the fire in her eyes and the courage in her heart. Only in her 30s, Julie wasn't about to let breast cancer change her life with her two boys. With friends and family beside her, and the commitment of Dr. Arlauskas, Julie fought her cancer. Today, she looks forward to being cancer-free. She would settle for nothing less.
