

Island Crime

• **The biggest problem on the island is entering autos.**

Too many people leave their valuables in their cars with the doors unlocked.

• **Drugs.** This is a really bad problem on the island, especially ecstasy and cocaine. Parents need to be aware it's out there and protect their children from it.

• **Traffic violations.** Drivers have to be aware of the new traffic laws and changes such as the traffic circle at Demere and Frederica. Plus, they need to reduce cell phone calls and texting. Eighty percent of people going through the traffic circle have a cell phone in one hand and the steering wheel in the other.

"I can't wait for that park to get going," he says.

Lacey loves the island and its people. He's carved out a niche for himself in his Southend neighborhood, and at his church, the St. Simons Island Community Church.

"I have a connection with the people over here," he says. "It feels like family. And this island is a beautiful place. There's nothing more beautiful than this island." ■
