

## Showcase

# 108 Harbor Pointe Circle Oak Grove Island

Awesome Architectural Design describes this home built in 2003 by the current owners. Over 3500 square feet of living space and a 3 car plus side entry garage is attractive to the growing family. Situated on an attractive corner lot with circular drive, there is a beautifully landscaped front lawn and a golf course in back with a view of the 18th fairway. A most desirable location.

“The outdoor, screened living space is the seller’s favorite and inviting to all those who visit” states Elizabeth Johnson, listing agent with Fox Run Real Estate.

The master suite with his and her closets, two guest bedrooms with walk-in closets, three and a half baths, an office off the foyer, great room with fireplace, dining area, kitchen and laundry room are all situated downstairs for easy living.

Upstairs you will find a large bonus room, full bath, additional hobby room and enormous floored, walk-in attic space. If it is space, style, and “like-new” you have been looking for, this is a must see.

In addition to a great home, Oak Grove Island is a great community! Amenities on this Island include centrally located swimming pool, play ground, tennis courts, deep water marina, and golf course with clubhouse.
